Dear Parents

We are having an amazing day, the sun is shining and we are nailing our challenges. The children and staff are really giving it their all and we have had lots of sponsor forms in.

We have passed our charity target of £3000 and are nearly at £3500 - <https://www.justgiving.com/fundraising/conor-fitzhugh1> - we watch over the weekend to see if the Finham Team can conquer that mountain on twitter @FinhamPrimary

We will count up the children's sponsorship when it comes in and share that when we have a total.

At the start of the term we all set ourselves challenges and it always amazes me how fabulous the children are, the determination they show and how they really use their values to make a difference. It really is a very special day to be part of this Finham Community and testimony to what we can achieve when we all pull together as a team.

Education has always been more than data outcomes for me, and whilst they are very important, the real measure of our children is in the type of people they become. Kind, caring, hardworking and wanting to make a positive difference to others. Well today, the whole of the children and staff team have shown this in abundance.

We finish off our challenges at 2:30 pm and then go live to link with our team and give them their final words of encouragement to finish off our challenges.

Thank you for all the support and inspiration that we have given each other.

Kindest regards
