

TEACHER TESTIMONIALS

From Miss Lomax on the bilingual books and background scenes:

"The Bilingual books have enhanced our reading area. Children are really excited to see their home languages being represented in the classroom. Children are able to read books in English and their home language. The background scenes have enhanced our small world and construction areas to encourage language, imagination and vocabulary."

From Mrs Thakor on books for readers with low confidence and dyslexia books:

"Reading is an activity that all children should enjoy but not all children find easy. Thank you to the PTA who purchased a set of Barrington Stoke books that produce high-quality books, written by successful children's authors. Of course, these books can be enjoyed by all children, but they are particularly helpful for those children with dyslexia, or those who find reading longer books intimidating. Many children across Years 5 and 6 have really enjoyed reading these books, which is wonderful to see."

Mr Tickle on Nursery activity equipment:

"Children across EYFS have access to and use the trike, scooters and balance bikes regularly throughout the school year. This supports the physical development of all pupils in Nursery and Reception.

In Nursery we use the waterproofs to support our outdoor learning opportunities and to complete activities linked to our curriculum. They have really supported children's independence and they have enjoyed the challenges they have done in their waterproofs."

Upcoming events:

- **Our AGM**

Wednesday 5th July, 5.45pm at school - please come along and help us plan for another great year. We really do need your help!

- **Summer Fair**

Friday 23rd June, 3.30-5pm, school field straight after Sports Day
