

Dear Parents/Carers,

It's been a wonderful end to the term. I was amazed to see so many Easter bonnets and the egg-celent eggs on display this week. Years 4 and 5 put on a fantastic performance this week, all children played their roles brilliantly from singing, dancing, acting and helping behind the scenes moving all the props around.

As we come to the end of another term, we need to take time to reflect on all we have achieved over the last two terms. Your children are a delight and their behaviour for learning (no matter what class or age) has been wonderful and a credit to all teachers.

Please spend some quality time over the holiday with your children and families and spend time reading with and to your child. I have attached to the newsletter some reasons why it is so important to read with your child.

Have a great break and week look forward to seeing you on the 28th April.

Mrs Bracken

Diary Dates

Friday 2nd May –

- Nursery-Ash End Farm trip

UPPER PHASE NEWSLETTER

This week, Years 4 and 5 have excelled in their production of "Time Lord," which proved to be a tremendous success. After weeks of dedicated rehearsals involving singing, dance routines, and stage direction, the children delivered two outstanding performances for parents and one for the school, showcasing their impressive comedic timing and talent. We extend our heartfelt gratitude to all parents for their invaluable support in preparing their children for their respective roles, as well as attending the performances. The production highlighted the essence of teamwork and determination; from the prop team ensuring smooth transitions on stage, to the talented singers and dancers, and the students delivering their lines with confidence. This collaborative effort not only enriched the children's learning experience but also fostered a sense of community and accomplishment. It has been a delightful week for all involved.

In Geography, Year 6 students crafted detailed explanations of conservation, specifically its importance to rainforests, ongoing projects in regions like Borneo, and practical ways they can support these initiatives from home. Meanwhile, in Maths, the focus was on pie charts as a method for data representation, where pupils applied their understanding of fractions, decimals, and percentages to accurately calculate information.

ORACY QUESTION OF THE WEEK

This week it is if an alien visited earth what is the first thing you would show them and why?

WEEKLY ATTENDANCE

Well done to **4J** for getting the highest attendance of the week! 😊

Nursery	96%	3L	91.8%
RL	91.6%	4J	100%
RM	90.2%	4S	98.7%
1B	96 %	5R	97.5%
1W	95.2%	5B	94.3%
2B	97.8%	6R	98.4%
2W	95.3%	6T	94.5%
3R	95.8%	Overall	96 %
